EXPERIENCE

- Dream Team Technologies Pvt. Ltd.

Internship Trainee

June 2024 – July 2024

JODHPUR

Gained hands-on experience in PHP development and learned how to build single-page applications using PHP. I worked on developing dynamic and responsive web applications, focusing on efficient backend logic and database interactions. The internship provided me with valuable insights into server-side scripting, debugging, and performance optimization, enhancing my ability to create scalable and well-structured applications.

EDUCATION

- B.E. (C.S.E.)

M.B.M. University , Jodhpur (RAJ)

2023 (Currently pursuing)

CGPA: 7.99/10

St. Anne's Sr. Sec. School , Jodhpur(RAJ)

2022

87.20%

- Class X C.B.S.E

St. Anne's Sr. Sec. School , Jodhpur(RAJ)

2020

91.83%

PROJECTS

- Blog Market

Developed a dynamic blogging website called **Blog Market**, implementing secure authentication using **JWT and bcrypt**. Designed and managed **CRUD operations** with **MongoDB**, ensuring efficient data handling. Integrated **Multer** for seamless image uploads, allowing users to upload photos directly from their devices. Focused on building a user-friendly interface and optimizing backend performance for a smooth user experience.

Tools: [React JS, Node JS, Express JS, MongoDB , Tailwind CSS]

- NewsMonkey – A Real-Time News Website

Developed **NewsMonkey**, a web application that fetches and displays live news cards using the **NewsAPI.org** API. Built the entire website using **React.js** for a dynamic user experience and **Tailwind CSS** for a modern, responsive UI. Implemented efficient API handling and state management to ensure smooth performance and seamless content updates.

Tools: [React JS, Tailwind CSS]

SKILLS

- **Languages:** C, C++ ,Javascript, HTML , CSS, PHP
- **Backend :** Node JS
- **Frameworks:** Tailwind , Bootstrap , Express JS
- **Version Control:** Git , Github
- **Tools:** Visual Studio Code , Postman
- **Libraries :** React JS
- **Database :** Mongo DB , MySQL

LEADERSHIP & VOLUNTEERING

Admission Volunteer - M.B.M. University

- Assisted prospective students with the **document submission and verification process**.
- Ensured **accuracy and completeness** of student documents, reducing errors during the admission process
